Select Poetry.

LOVE'S FAITH.

We were not always thus apart,
Such weary miles between each heart—
You darling love of mine!
When summer sweetness filled the air,
When skies were blue, like maidens' eyes,
And gold like maidens' hair!
When winds lay bound in chains of flowers,
And Nature smiled through all the hours,
These fond lips answered thine.

I see the honey fate stores up
To mix in some more favored cup,
I taste the gall we drink,
And I am sick with envious pain;
Fevers of doubt consume my strength,
And poison every vein.
"For others life's delights," I cry,
"But only hurts for you and I!"
And then I pause and think;

We shall not ever parted be
By mocking land and cruel sea,
If on the shores of Time.
Fate's baleful power must hold alway,
Let us be patient; God knows best—
"We trust Him," "Will we say;
And, for our faith, at heaven's broadgate
We'll meet to never separate,
You only love of mine!

TEXT—*Isa. 60: 12. "For the Nation and Kingdom that will not serve thee shall Perish; yea those Nations shall be utterly wasted."*

We have assembled this morning at the call of our National Executive to offer our thanksgivings to the kind Father of Mercies for the blessings vouchsafed us in the circling flight of the past year, to learn if we may of our responsibilities, duty and desting. The past history of our nation has been marvelous. From the time this Western World was discovered until the present, the events of our history have passed with almost bewildering rapidity and appaling magnitude. So manifess and peculiar have been the dispensations of the divine administration toward us, that our Nation has long since been not inaptly, styled "the Child of Providence"—the appointed agency for achieving some great result in the World's history. And we ourselves have been not a little self-gratulant over our rapid progress and increasing greatness. But we do well to remember that the elements of true greatness are *moral* and not *material* that the possession of wealth and the enjoyment of temporal prosperity are not always indications of true greatness and happiness but may be even the precursors of destruction. We do well not to forget that the Lord presides over the destinies of the Nations of the earth as well as in the armies of Heaven. We do well to remember that "the nation and kingdom that will not serve him shall perish; yea those nations shall be utterly wasted."

On this glad day we gratefully remember and acknowledge the blessings we have enjoyed in the past. How that in the wilds of this Western World was found what the despotisms of the Old world denied—freedom to worship God.

And hither the down-trodden and oppressed of those lands came, and laid deep and broad the foundations of civil and religious liberty.

As if drawing inspiration from the stupendous scenes of nature around them they broke the shackles of transmeled thought, and disregarding the analogies of the past, they founded institutions unique in their character and sublime in their freedom. Though surrounded by rugged scenes, and sometimes enduring almost intolerable hardships and sufferings their spirits were undaunted, and when the innovations and aggressions of the mother country gave unmistakable indications of an intention to rivet upon them the fetters of an oppressive vassalage, they nobly resisted, and in the struggle which ensued God was with them.

Through varied fortunes of success and defeat they were led until victory perched upon their banners and the colonies were acknowledged to be "free sovereign and independent." Here then at last was an asylum for the oppressed of all lands—a home for the Godess of Liberty.

But they were not led into the realization of this ideal all at once.

The noble declavation in the Magna Charta of their liberties, that all men are created free and equal was not universal in its application.

A dark spot was still upon their proud escutcheon—a corroding canker upon the body politic, sapping the foundations of its strength, marring its beauty and threatening its life.

Its existence was a source of continual irritation and apprehension. But God in his wisdom willed its destruction.

In the trial of our institutions, when fratricidal hands were raised to destroy the nationallife, the gigantic institution so long fostered by the power of the Government, was shivered into a thousand atoms. And that too in a manner which no human foresight could possibly have predicted.

He must indeed be very blind who cannot see the workings of Divine Providence in all these events. He must indeed have been very deaf who could not have heard the tread of the Almighty in the thunder, and storm of war moving amid the turbulent elements, leading to the results his wisdom ordained. In the stupendous scenes through which we have passed, we have abundant evidence that God has not forgotten us—that his ever watchful care has been over us, raising us to a higher and purer national life. The peace which God has so kindly vouchsafed us seems to have "come to stay, and to have so come as to be worth preserving in all future time."

Whatever our opinions on the subject of slavery may have been, we cannot now but regard its destruction as a great national blessing. In its destruction the fruitful source of irritation between the North and South has been removed and now we may reasonably look for a kindlier feeling between them. The prejudices of the past must die, and instead of the feverish jealousy so often disturbing our harmony, we may expect the exercise of fraternal affection.

The glad smile of peace brings also the return of material prosperity. The labors of the husbandman have been rewarded with abundant harvests. Pestilence has not invaded our dwellings, and we are at peace with all the nations of the world. Time is assuaging the griefs, drying the tears, and healing the wounds caused by the war, and a happier era seems to be dawning upon our land. For these blessings of peace, health and prosperity we gratefully adore the author of our being, and with humble contrition supplicate his continued blessings.

But we are not without solicitude for the future of our nation. Should we prove recreant to the trusts delegated to us—false to the mission designed by Heaven for us—refusing to serve the Lord, then, we have reason to fear that his judgements will fall upon us, and that the fair heritage we now enjoy will be taken away from us and given to others.

The consideration of our responsibility and duty leads us to notice.

1. That we should ever maintain with jealous care the Union of these States.

Regarding this as the Palladium of our civil and religious liberties we should never admit even in sentiment much less in word or action the possibility of its destruction in any contingency.

It was the disregard of this most solemn injunction of the Father of his Country, that led to the most stupendous fratricidal strife of modern times.

We cannot contemplate without a shudder what the consequences would have been had the Rebellion been successful, We would have been shorn of our strength. Ichabod would have been written upon our altars. Our liberties would have departed, and in all probability we should ultimately have been compelled as dismembered fragments of a once free and happy nation to sit as vassals at the feet of European sovereignty.

Thanks to our Heavenly Father for having reserved for us a better fate. But the possession of this treasure of exulted and happy nationality imposes upon us a responsibility for its preservation and transmission to Posterity, and woe to us if in this we are unfaithful!

It is a matter of great importance what political sentiments we hold, since in a land like ours where freedom of speech is enjoyed, our sentiments impress and mould the sentiments of those around us and in proportion to our personal influence and the extent of the sphere in which we move we possess the power to impress the destinies of the country in which we live.

Let us cherish then as a precious treasure the God-given heritage of the American Union, and frowning with indignation upon the political heresy of State Rights which dug the graves of so many thousands of the very flowers of our nation, let us think, feel, and declare by word and action that the Union of these States must and shall be eternal!

II. We should sedulously watch, and counteract those influences which are in operation to undermine the foundations of our Government and corrupt the social life of our land.

Amongst these we notice disregard of Parental authority, political corruption, intemperance, Sabbath breaking, licentiousness, and Romanism. As American citizens we surely dare not be derelict in this respect.

Disregard of Parental Authority engenders a spirit of insubordination to just and equitable laws and paves the way for the commission of crime. In this respect we have departed very far from the rigidity of our Puritan Ancestors.

The prevailing sentiment now seems to be, "leave the children to themselves, When they are older they will know better." And thus the young and rising generation are allowed to drift as waif, upon the current of events almost without care or direction. Against this ruinous policy we would enter our most earnest and solemn protest.

This slipshod method of bringing up children and graduating them in the Street College by no means accords with the requirement of true American citizenship.

There may be countries in the world where parents may allow their children to grow up as wild as the untamed deer of the forest without materially affecting the destinies of the country. But that country is not ours.

The safety, and welfare—I had almost said the existence of our free institutions depend, to a great degree, upon the diligence with which the children are trained to meet their moral and religious responsibilities.

We have also political corruption as another gigantic evil our land, slowly weakening the in strength and stability of our Government and threatening its destruction.

This evil seems to reach all departments of the Government, corrupting legislation in its source, perverting judicial decisions, and delaying or hindering the execution of just and equitable laws.

The influence of the so-called Whiskey ring is a case in point—before the power of this most infamous combination, the Government of the United States itself was made to cringe and tremble and almost to yield to its behests.

This evil reaches primary meetings and nominating conventions, securing the nomination for office, not of the man best qualified to hold, and discharge the duties of the office, but of the most available and popular man to secure the election.

In the name of American citizenship I would ask is this the way to perpetuate and preserve untarnished the liberties of our country?

No, my friends! this shameless corruption calls loudly upon us for correction! Instead of allowing the demagogues to control our public affairs, let the good, the religious men, claim the nomination of true, good and pure men for

MONEY? MONEY??

Yes, money. We know it is scarce; but we cannot get along without it. If every person who ows us for subscription, job work or advertising will punctually pay the amount due us, it will enable us to punctually pay our workmen, paper bills &c., &c.

We are sending out bills to every person who ows us, and we have also sent out an Agent Mr. J. D. Mitchell of Millesburg. He will call personally upon all, he can reach between this and the Holidays. We hope he will be very successful in collecting money and receiving new subscribers.

We hope those of our patrons, who receive their bills through the mail will remit without delay. We cannot run the REPUBLICAN without money, and the better our readers pay up, the better and stronger and spicier we can make it.

We have a large number of subscribers, who always pay in advance. We sincerely hope these will all renew their subscriptions, and induce others to subscribe. We have a great work to do, but we can only accomplish it through money and the hearty co-operation of our readers. We hope all will see the propriety and justice of paying up at once.

A WORD.

Republicans of Centre, readers of the REPUBLICAN, we have but a word to say at this time. We shall not say much about money in this article; but every word we do say means money. This number closes the second volume of the REPUBLICAN. Republicans you have stood by us and our paper like men. We know that as a general thing we have had too many advertisements and not sufficient reading matter; but this we could not avoid, and is partly attributable to the delay on the part of a number of our subscribers to pay up.

A paper cannot be run without money and every person who takes a paper should pay for it. It is our duty to give you a live reliable, Republican paper without infringing upon your rights by advertisements; but when you fail to pay we must insert advertisements to get money to keep the paper going. This must be clear to every one. A paper as large as ours without any advertisements, would be worth $5,00 per annum, and we could not afford to run it at that.

In order to make room for advertisers and to give our subscribers more reading matter, we propose during the holidays to enlarge and otherwise improve the REPUBLICAN. The fist number in January 1871 will be the prettiest and largest paper ever published in this county and without egotism we think we can safely say it wil be the best, and we shall keep it up in that style during the entire year. We hope all the members of our organization will appreciate our efforts to give you a first class, high toned paper and that you will all subscribe and pay for it in advance.

The advance pay system is the best both for you and us. When you pay in advance you never miss the money, two dollars being but a very small sum; yet if 1000 or 2000 of our subscribers would all happen into our sanctuary the same day or the same month, each one paying his $2,00, the aggregate would be a very handsome, as well as useful sum to us. Now friends think of this advance pay system, and let us hear from you all during the month of January.

Our terms after January 1st 1871 will be $2,00 in advance; $2,50 if paid within 6 months and $3,00 if not paid until the end of the year.

CONGRESSIONAL.

Congress is paying some attention to the General Amnesty bill introduced by Mr. Schurz, of Missouri. Mr. Schurz spoke in the Senate and Mr. Farnsworth in the House strongly and warmly in favor of the removal of all disabilities. It is significant also that the Southern Republican representatives strongly advocated a general amnesty; and the statements advanced that the colored people were in favor of it ought not to be lost upon Congress and the country.

A caucus of Republican Representatives discussed the General Amnesty proposition now before Congress; and, though no conclusion was reached, the sense of the meeting seemed favorable to the removal of all disabilities. There seem good reasons to hope that this measure may yet be proclaimed by the present Congress.

The Tenure-of-Office law, which was passed in 1867 to restrict Andrew Johnson to the exercise of his legal authority, has been repealed by the House, and ought to be, without hesitation, by the Senate. The confidence of the country in President Grant can at this time be better expressed in no other way.

The Land Grant bills which slipped through the Senate at the closing hours of last session (and their name is legion) do not stand much chance of passing the present House There are twenty-seven pending, and each one was yesterday laid over under objections.

Mr. Morrell, from the Committee on Manufactures, reported a bill to provide for celebrating the one hundredth anniversary of the Declaration of American independence by holding an international exhibition of arts, manufactures, and products of the soil and mines, in the city of Philadelphia in the year 1876.

Look here, reader, we do not wish to tell you that Consumption can be cured when the lungs are half consumed, nor that Dr. Wonderful, or any other fellow, has discovered a remedy that will make men live forever, and leave death to pray for want of work. No, you have heard enough of that, and we do not wonder that you have by this time become disgusted with it. But when we tell you that Dr. Sage's Catarrh, Remedy will positively cure the worst cases of Catarrh, we only assert that which thousands can testify to. Try it and you will be convinced. Sent by mail for sixty cents. Address R. V. Pierce, M. D., 133 Seneca street, Buffalo, N. Y. Sold by druggists.

JOHN H. SURRATT—THE WATCHMAN AND ITS FELLOW REBELS.

The rebel sympathizer of the *Watchman*, did not like the manner in which we referred to the Lecture of Jno. H. Surrat in the last number of the *Republican*. It is passing strange that the editors of the *Watchman* never have a word of praise for any prominent Union Soldier or General; while they cannot find room enough in the columns of their treason loving paper, to extol the character of Gen. R. E. Lee, John H. Surratt and every other rebel and copperhead murderer of our people, and the attempted destroyers of our Government. And is it not strange as well as shameful that a majority of the people in Centre county endorse the course of these men, vote for them, shout for and sneeze whenever Meek & Furey take snuff?

John Surratt as well as Gen. Lee should have been hung and the failure of the Republican party to hang them, proves fully the leniency of that party, and shows how false are the charges of oppression made, by such rebels as the editors of the *Watchman*, against the great Republican party. No party, no man or set of men, who have any love for their country or its free institutions can praise such men as Lee, Davis, Surratt & Co. When they do it, they prove that they are lost to every sense of propriety, decency and patriotism and glory in their own shame. The recent effort of McCreery, of Kentucky, in the Congress of the United States to remove the bones of the nation's dead who lie buried in the Cemetery in Arlington and to restore that property to the widow of Gen. Lee, abundantly proves, what ghouls these rebel Democratic leaders are, and how unsafe it is, to restore them to power.

The Harrisburg *Telegraph* speaking of this subject says:

"The association between Democracy and offal is to be found in the fact that both are self-asserting and irrepressible except through interment. Mr. John H. Surratt has scarcely opened his lecturing tour—not having honored any localities, as yet, save Rockville, Md., and New York—until we have another eminent Democrat, Senator M'Creery, asking that the graves of heroes at Arlington shall be opened, the bones carted off to some other place, and the estate returned to Mrs. R. E. Lee. Not content with becoming a plunderer and violator of honored graves, M'Creery must also become a eulogist of traitors. The result was that on Tuesday last the Senate was insulted, and the country outraged, by a speech from this Kentucky rebel, M'Creery, pronouncing an encomium on General Robert E. Lee, in which that perjured villain was held up as an example of honor, rectitude, gentility and Christianity. Some good speeches were made rebuking the shameful effort, by Senators Sumner, Nye, Scott and others. And in these the country was fairly warned that a return of Democracy to power meant the triumph of the men and the principles of the now crushed rebellion. A few years ago—when it was hoped by them that Seymour could beat Grant—we had the Rebel leaders, headed by Wade Hampton, taking charge of the National Democratic Convention. Now, when the same hope revives, the expected sunlight of Copperhead success warms these vipers into life—and they attempt to sting us.

PRESIDENT GRANT'S ADMINISTRATION.—We can remember no Administration of the General Government so wise, so consistent, so incorruptible and so economical as that of President Grant. No one can deny, however hostile he may be as a political opponent, or unsuccessful in obtaining an office, that he has, regardless of consequences, faithfully executed the laws. When he came into office he found the civil service debauched; dishonesty was the rule of public life, and the country seemed to be at the mercy of unprincipled adventurers, who plundered the Treasury and trafficked in the nation's honor and faith. Reform come in with the fourth of March, 1869; reform has so grown with the administration that the public debt has been reduced more than one hundred and seventy-eight millions dollars, and the country is generally prosperous and progressive. And this is the policy he is determined to pursue in the future. There may be croakers in the Republican party; there will naturally be bitter fault finders and denunciators in the Democratic party; but they will all fail to drive him from his marked out path of strict integrity, retrenchment and economy which he has pursued from the begining.—*Germantown Telegraph.*

THE FRANKING PRIVILEGE.

We are glad to learn that the House, the other day refused to repeal the franking privilege altogether. We fully coincide with one of our exchanges who says it is at best a silly cry, gotten up by the daily nespaper monopolists of the cities, who, as "obedient servants" of the great railroad monopolists, have their papers carried free to ever town within reach of their roads, while a country press, under the proposed *reform* measure, could not send out a package to an office five miles distant without making its subscribers pay postage. There is no doubt room for reform on this subject, but so far as we can judge its greatest abuse exists among members themselves, too many of whom use their privilege for purposes not contemplated by law. The Senators we hope will squash this absurd act as they did the last.

THE INCOME TAX.

We trust that the income tax will be allowed to stand, substantially as it is, for another year, until on June 2, 1872, it shall expire by limitation. We wish the nation could get along without money, but, this being impracticable, a well-adjusted income tax is one of the most acceptable forms of taxation.

Any person who makes, clear of all expenses, over two thousand dollars per annum can well afford to pay such tax. It is not the struggling masses, who are the life of the country, who want it repealed, and Congressmen looking forward to further promotion might as well bear this fact in mind. This is a tax which does not effect the masses, and men who are compelled to pay it are abundantly able to do so.

OUR STATE FINANCES.—The commissioners, of the Sinking Fund have published their report showing the state of our finances. It appears therefrom that the State debt on November 30, 1870, was $31,111,661,90. Amount of debt redeemed by the State Treasurer during the previous year $1,702,879 05—$1,522,666,66 of which was paid since May last. Both in our State and national governments experience proves that the Republican party is the proper one to entrust with our public affairs.

FREEDMEN'S BUREAU.

The commissioner of the Freedmen's Bureau, Gen. O. O. Howard, reports that the force in the department has been reduced this year to 87. Its work for the past year has been limited to the District of Columbia where fifteen thousand freedmen have received medical treatment. There are now but 438 persons wholly dependent upon the Government. These range from 80 to 100 years of age, except four who are over one hundred. There is one 113 years old whose early life was spent within sight of Washington and who remembers the first President.

The number of claims for bounties and arrears due colored applicants, settled this year 1,037, saving them the amount of $51,080, which claim agents would otherwise have secured, and all certificates and checks issued by the Treasury Department are made payable to the General himself.

The educational field of the bureau is full of interest and promise. The number of schools reported is 2,677, the number of teachers 3,300, and the pupils average 45 to a teacher. The number of normal and industrial schools, like the others, are increased. As a result, a majority of the teachers now employed are colored.

FOREIGN NEWS.

A telegram states that an important despatch has been received from Bismark, declaring that Prussia would no longer respect the neutrality of Luxemburg, and would proceed to effect the annexation of that State to the German Empire.

Proofs of the Prussian scheme for the restoration of the French empire come from every quarter. Bismarck says this is the only way the war can end; that Republican France will fight forever; that the fall of Paris can have no effect; that the only course is to make terms with the empire and go home, and leave the French to fight it out between themselves.

Napoleon opposes Bismark's proposition and says he will never go back to France as a ruler under military protection. If the people want him they will call him by an election. King William of Prussia, has promised the Pope to restore to him his temporal power as soon as the war ends.

LOCAL ITEMS.

CORRECT.—Education is the constant confronting of the mind with the object fitted to stimulate it.

ADVICE.—A local editor gives the following advice: When you meet a lady who isn't at all shy, you had better be a little shy yourself.

RESUMED WORK.—Curtin's furnace has again resumed operations. The cause of its late "blowing out," was the hearth stones could not stand the test.

SATEN.—A Cincinnati Publisher wants agents for "Saten in Society." That book is not needed in this locality. His majesty is already familiarized in this latitude.

DIPTHERIA.—An exchange says, the brine from smoked herring is recommended as a cure for diptheria. It is to be gargled in the throat several times during the day.

JUST SO.—The Huntingdon *Globe* says it home institutions desire home patronage will they get it by sending their printing away, when it can be done as cheap and as good at home?

A FRAUD.—It is said that spring balances, fall short in weight, two pounds in every ten. If that is correct, they should be abolished at once, as most of the marketing used is weighed on them.

SWOONED.—The Tyrone *Blade* says, that Mrs. Lambright, at the United Brethren meeting, on monday night of last week, swooned away and lay in a trance until three o'clock on the following Wednesday morning.

SAUSAGE.—Benjamin Shrock of this place has our sincere thanks for a fine lot of excellent sausage. We have not learned the weight of his hogs but we know that they were rousers for Ben knows how to raise hogs.

AGONIZING.—A lady, who has been reading law, is in the most fearful and agonizing doubts regarding the legality of her marital condition. She says that "lotteries are illegal," and marriage is the "*greatest* lottery in life."

HONORABLY DISCHARGED.—Lieutenant Geo. M. Flemming, of Lock Haven, at his own request, has been mustered out of the U. S. Army. He was recently stationed in Wyoming territory, acting as Indian Agent.

COMMENDABLE.—*The Paper*, the new daily, published at Pittsburgh, Pa., has quite a lengthy and well written article, in its issue of the 14th inst., on the Bellefonte glass works, and the discovery of glass and its manufacture in the United States.

FIRST SNOW.—The first snow of the season fell in this place on last Wednesday night to the depth of one inch.

Things begin to look winterish, and in a few days we may expect to hear the "jingling of the merry bells." They have come and are now jingling.

SUNDAY SCHOOLS.—The whole number of Sunday schools in Clinton county are 61, whole number of scholars 3,816, number of teachers 514. There are 4,198 children in the county that never attend Sunday schools. So says a Missionary of the American S. S. Union.

MORE PORK.—Sixteen hogs were killed at Curtin's works last week which weighed, when dressed, five thousand pounds. They belonged to Mr. John Curtin. John Funk of the same place recently killed two hogs which weighed when dressed near nine hundred pounds.

HOW IS THIS FOR FAT?—Mr. Ezra Fisher of Half Moon, this county, raised this year and butchered four hogs which weighed respectively 446, 425½, 384½ and 378 lbs., making in all 1,634 pounds of excellent pork. Of course Mr. Fisher reads the REPUBLICAN and pays for it, which accounts for his great success in all his undertakings.

PASSING.—The old year of 1870 is fast sinking into the the dim vista of the past. Business men are all on the "settle," or should be. We would like to be doing likewise, and could if those who are indebted to us would settle their accounts and come down with the stamps. Remember that old accounts should never be carried over into the new year.

CHEAP GOODS.—George D. Pifer intends retiring from the mercantile business in this place, and is now selling his goods at cost price. Persons wishing anything in his line should make it a point to call and price his goods before purchasing elsewhere, and we think they will not only be pleased with the goods, but with the price asked for them. Mr. Pifer is bound to close out his entire stock without reserve.

TEMPERATE.—Mr. Mathew Riddle, of this county, is a young man of about 24 years of age. He has never tasted malt or distilled liquors of any kind, nor used tobacco in any form. He has never joined any temperance society, signed any pledge of abstinance, or attached himself to any christian denomination. He enjoys the best of health, is honest, frugal and industrious. How many young men can produce as good a record?

CARRIERS ADDRESS.—Mr. James Curtin, the Carrier of this paper, will be around on Saturday morning previous to Jan. 1st 1871, with one of the best, most comic, sedate, moral, philosopic, scientific, historical and interesting New Year's Addresses ever issued from the press. James has been faithful in delivering you the REPUBLICAN during the past year and on that morning you can show your appreciation of his services by purchasing of him liberally.

PLANING MILL.—The Bellefonte Planing mill, W. V. Hughes, Proprietor, and Frank M'Clain, Superintendent has been turning out some very excellent work the past summer in the way of sash, blinds, doors, moulding, brackets and scroll work of every description as well as a good quality of planed lumber generally. Mr. Hughes is an enterprising citizen, and one of the largest church building contractors in the State. Mr. M'Clain is also an energetic and industrious citizen, and part owner of the Bush House. We can recommend both these gentlemen to any parson wishing to purchase anything in their line.

CHURCH DEDICATION.—The new Presbyterian Church at Beech Creek will be (the Lord willing) dedicated to the service of Almighty God, on Sabbath, the first day of January. 1871. The services will commence at 11 o'clock A. M., and the evening services at 6½ P. M.

The Rev. Mr. Hawn of the Third Presbyterian Church, Williamsport, the Rev. Mr. Diven of the Lutheran Church Salona, and the Rev. Mr. Buckley of the M. E. Church, Howard, have consented to be present; others have been invited but have not yet responded.

Those favorable to such enterprises are respectfully invited to be present, both in person and purse, as an effort will be made to close out the debt—a little over $1,000—which we hope to accomplish with the aid of our friends.

W. G. E. AGNEW,
Pastor of Bald Eagle & Nittany Presbyterian Church. Mill Hall, Dec. 14, 1870.

CALL AGAIN.—Our sanctum was honored the other day, with a call from our young and handsome friend James P. Odenkirk, formerly of the Old Fort, but now representing the firm of Artman, Dillinger & Co., dealers in Wood and Willow-ware, No. 104, North Third street, Philadelphia

We are happy to be able to state that James is flourishing in his new field of labor. He not only possesses the vim and energy necessary for success, but has a prepossessing appearance, and his deportment the very best.

We congratulate the firm he represents in having secured one so well qualified in every particular to represent their house. To the merchants throughout the State we can commend both the firm and Mr. Odenkirk, their agent, as being honorable business men—second to no other firm in the city.

RANKIN will have a new lot of holiday goods this week, go and see him.

SCHOOL REPORTS.—The following is the monthly report of the Milesburg Schools for the month ending Nov. 29th 1870. Grade No. 1. Average attendance during month 37; per centage of attendance, males 81; females 86; total 84. Orthography 44; reading 44; writing 44; grammar 44; geography 44; written arithmetic 44; mental arithmetic 44; history 25; physiology 13; algebra 6. Department good. Parental cooperation very good. Number of visits by parents and others during the month 15. F. W. CAMPBELL, *Teacher*.

Grade No. 2.—Average attendance during month 37; per centage of attendance; males 70; females 77; total 74. MOLLIE MCCOY, *Teacher*.

Grade No. 3.—Average attendance during month 49; per centage of attendance, males 87; females 79; total 87. EMMA COOKE, *Teacher*.

STRANGE.—The Montour *American* says it is strange how close the people read the papers. We never say anything that anybody don't like but what we soon hear of it, and everybody tells us about it. But, if once in a while we happen to say a good thing, we never hear that anybody seems to notice that. We may pay some man a hundred compliments and give him a dozen puffs, and he takes it as a tribute to his greatness and never thinks anything about it—never thinks it does him any good. But if we happen to say something that this very man don't like, or something that he imagines reflects on him or his character, see how quick he flies up and gets mad about it. All our evil is duly charged to us, but we never apparently, get any credit for what good we do.

THE BALL - That Christmas ball which takes place in Bush's Hall next Friday evening, will have the best music in the country to add to the gaiety of the occasion

"Where youth and pleasure meet
To chase the glowing hours with flying feet."

The refreshments served up that evening by the management will consist of all the delicacies of the season, as well as venison, wild game of all kinds, roast pig, turkey, chicken, oysters, fresh fish and all kinds of pastry, in fact, everything that the most fastidious appetite could desire. It promises to be one of the largest and best balls that ever took place in Bellefonte. Price of admission one dollar. Polite and attentive ushers will be present to administer to the wants of the guests.

TEACHERS INSTITUTE.—The Centre county Teachers Institute will hold its annual session in Reynolds' Hall, this place, commencing on Monday, Dec. 26, 1870, and continue until the evening of the following Friday. Lectures will be delivered on the occasion by A. D. Rowe, Supt. of Clinton county, Rev. A. H. Boyle of Easton Pa., and other prominent Educators of the State.

In all probability, lady teachers will be entertained free. The Brockerhoff House, Bush House and the Cummings House will board teachers during the session for one dollar per day. The German House will board them for 75 cts., per day. Price of admission 25 cents to pay the necessary expenses.

TOY Novelties at Rankin's.

FINISHED.—The new bridge across Spring creek at the foot of Lamb street is completed and open to the public. It is built on three piers and two abutments is 160 feet in length and 24 feet wide. It is after the patent of Howe's self supporting bridge, and so constructed that the greater the weight upon it the stronger it becomes. Mr. Owen Copeland was the contractor and completed its construction in less than three weeks from the time the ground was first broken. It is a commendable piece of workmanship and greatly needed by the citizens of this place and the adjoining townships.

CONCERT.—A grand concert will be given in this place, on or about New Year's eve by Mrs. M. S. Dunham, assisted by the best musical talent in the county, and a lady and gentleman vocalists, who were formerly connected with one of the most popular company of singers that ever traveled, and whose sweet songs are still treasured up in the hearts of many of our citizens.

LEGISLATIVE'—The Legislature will meet on the third day of January, and if any of our readers desire a full report of the proceedings of that body they should subscribe for the *Daily Telegraph*, published at Harrisburg, by Geo. Bergner, Esq. It will contain all the doings of both houses from the inaugural to the close of the session.

"TOM BROWN" at Rugby and "Tom Brown" at Oxford, all in one volume, bound in cloth, a nice Christmas present at Rankin's book store.

"MONUMENTAL FOLLY."—The Easton Express is informed, in answer to its strictures on an article of ours with the above heading, which it erroneously credited to the Allentown News, that we will continue the cry of "Monumental Folly" while we find at one corner of a street a one-legged or one-armed ex-soldier grinding a hand organ, and on the next corner a $50,00, or even a $5,000 monument to his comrades who have met a soldier's death. We want the brave living cared for first, and then it will be time to erect monuments to the brave dead The living feel; the dead are beyond our help or hurt Let the dead rest without monuments of marble, iron, bronze or brass, till the living and and moving monuments of the misery entailed by our late terrible war are made more comfortable themselves, and we thereby made more comfortable while looking upon them. Monuments are well in their way; but we think good deeds towards the living, to whom we owe so much, are worth more than monuments of brass or stone to the illustrious dead, to whom we owe but a like debt of gratitude. The dead rest peacefully; the living are heirs still to the ills of flesh and bone, aggravated by maimings by shot and shell and sabre cuts. House and feed and pay them. With residues of funds, after these things are provided, build monuments mountain high, and bright and glorious as the sun, and in every street and at every cross road—you can never fully express the debt you owe to those whose deeds are thus commemorated:—but not before the living are made better than straggling paupers, a reproach to the patriotism and the decency of a people and a nation saved by the valor of their arms, should monuments to the dead be built. —*Bethlehem Times*.

Go to Jno. I. Rankin's for a nice Holiday Gift.

WATER THOUGHS,—The Pennsylvania Railroad Company have recently introduced two water troughs on the line of their road, west of this place, similar to those in use on several of the principal railroads in England. These troughs are eighteen inches wide, six inches deep, fifteen hundred feet long and are kept full of water When the locomotive reaches the trough, the fireman quickly lowers a spout, communicating with the water tank of the tender, the water is forced through by the speed of the train, and ere the trough is passed there is enough water shipped for the use of the boiler to last several hours. It is calculated that 2,200 gallons of water can be drawn up at each trough. The object is to save time, the intention being to run the fastest trains from Harrisburg to Pittsburgh with but one stop—at Altoona, and so on the return.—*Altoona Tribune*.

THE "Top" of the day at Rankin's.

OUR ANCESTORS.—Talk about ancestry—a writer, who seems to have had the time, as well as the curiosity, gives the following: Every human being on the face of the globe is compelled, by the demand of nature, to have two parents, four grandparents, eight grandgrandparents, sixteen ancestors in the fourth generation back: thirty-two in the fifth, two hundred and fifty-six in the eighth, thirty-two thousand seven hundred and eighty-six in the fifteenth, and almost a million and fifty thousand in the twentieth, and nearly one thousand seventy-three millions in the thirtieth. The whole number of one's ancestors in the fiftieth generation is 5,-362,791,914,214,046—a multitude which no man can number and no mind conceive. The blood of this vast host is running through the veins of every mortal on the earth, and that reckoning back only fifty generations.

JNO. I. RANKIN'S Book and Variety Store, opposite the Bush House is the best in Bellefonte.

ENCORING.—The Holidaysburg *Standard* publishes the following in regard to stamping of feet, &c., at public places of amusement, and we publish it for the benefit of some of the young, as well as old "pirates" of this place:

"'Cat-calls,' 'hi-his,' 'bravo's' and stamping of feet at public places of amusement have been made penitentiary offenses by a recent city ordinance in Rochester.

So says an exchange, and we could not help wishing that such a law could be applied to some of the ill mannered and brainless youth of this borough, who apparently attend what few entertainments we chance to have for the sole purpose of showing their breeding and annoying the decent part of the audience. This may be plain talk, but it is demanded, and the sooner an example is made of the more prominent of the young roughs who seem so plentiful just now, the better for the community and the boys themselves.

STRONG FIRM.—It is with pleasure we call the attention of our readers to the advertisement of Keller, Stewart & Co., in another column of the REPUBLICAN. W. D. Keller, J. S. Stuart and J. Ludwig, trading under the firm name of Keller, Stuart & Co., have leased the Spring Creek Woolen Factory, for a term of years, and are prepared to manufacture. Cloths, Cassimers, Jeans, Satinetts, Flannels, Tweeds, Blankets &c. The machinery of this mill is in the best of order, and the firm have determined to spare neither money nor pains to accomodate their customers. We can safely say that people who deal with these gentlemen will not be imposed upon, and moreover, we can assure our readers, that they can not get better blankets for the same money in the county of centre. Give them a trial.

If the writer of "Doing Good" signed yours respectfully will send us his name he will secure the publication of his article, as it is good.

OUR CHRISTMAS PRESENT TO OUR ANNUAL ADVERTISERS.—This number closes the second volume of the REPUBLICAN. Our business men, mechanics and merchants have nobly done their duty in aiding to sustain it. For this we thank them—the community generally. We have kept your business prominently before the people, and now as an evidence of our regard and esteem for you, and as well as our appreciation of your kindness to us, we give you this year's closing notice as a christmas present.

We ask the reader of this paper to peruse the list of names of our advertisers with care as it will be to his or her advantage to make purchases of our advertisers only. We commend and can only recommend those who advertise in the REPUBLICAN.

CASH OR COUNTRY PRODUCE.—A lady of this place, sent an order to a drug store for some mucilage. The peculiar physical constructed druggist filled the order, made out the bill for the same and sent both to the purchaser stating that his terms were cash or country produce. The next day the druggist received for his pay, brought to him in two baskets, two ears of corn, one red beat, one potato, one carret and one parsnip. Wonder if the druggist will compound these articles into vegetable pills?

TOBACCO AND CIGARS.—Mr. Beck, a gentleman of urbane manners and upright ways, has opened a first class Tobacco and Cigar store, in the room lately occupied as a book store, in the Bush House block, where he keeps all kind of tobacco's and the finest flavored cigars. He proposes to deal fairly and squarely with all his customers, and everybody who knows him, know that what he says he will do.

ON A VISIT.—W. W. Hays, formely of this place, but now a resident of Springfield Illinois, called on us last Monday. Mr. Hays is a scientific gentleman and was, when residing here, one of our very best citizens. He has hosts of old friends in this county who are happy to again take him by the hand

NEWS FROM OTHER COUNTIES.

CLINTON COUNTY.

The Montour House will soon be in a condition for hotel business again..... The supper given by the ladies of the Presbyterian church, of Lock Haven, netted $250.....Pat Foley and constable Westbrook had an unpleasantness; result—jail, bail and eventually trial and costs.....Miss Rose Ryndet's Concert in the Opera House, on the 13th inst., was not a success financially; cause—inclemency of the weather.....Daniel Mulnervill, of Renova, had his dwelling house burned, by his little five year old son playing with matches. He lost all his furnature and clothing. He was a poor man and the citizens of that place raised him, on the spot, four hundred dollars, and the ladies collected a large amont of clothing for the family. That is what we call practical christianity..... A foot race from Lock Haven to Flemington and back for $50,00, came off the other day between a German and an Irishman. Terms—both were to drink a pint of whiskey before starting. Result—the German went over the track in 25 minutes; the whiskey was to strong for the Irishman, who become deathly sick and in order to save his life, had to be pumped out. The new city is certainly getting to be a great institution....Policeman Keller while on his patrol had two shots fired at him by some assassins. He was not hit, neither were the would be murderers arrested.

CLEARFIELD COUNTY.

The new Masonic Hall in Clearfield will be dedicated on the 27th inst..... The house of M. M. Wise, with all its contents was destroyed by fire on the 4th inst., leaving Mr. Wise and family in a destitute condition.....The new Evangelical Luthern church, at Covington, was dedicated on the 18th inst..... The new M. E. Church, at Clearfield, will be dedicated on the 8th day of January 1871.....Ex-Gov. Bigler, the other day received from his brother, Ex-Gov. John Bigler, a box of California pears. Some of the pears were 7 inches in length, measured 15 inches in circumference and weighed 2 lbs and 4 ounces.

BLAIR COUNTY.

George Green, a colored man, residing in Williamsburg, fell into the canal and was drowned. He was 100 years of age.....Ned Buntlin, lectures in Hollidaysburg, on the 23d and 24th inst..... Miss Annie Bair, aged 74 years, who resided alone in a log hut of her own, near Martinsburg, was found dead on the floor .....The following is almost an every day occurrence: An unknown man was literally cut to pieces at the East End of the Tunnel, on Monday last, by being knocked down and run over by one of the pushers running between Altoona and Gallitzin.....The Meeting House of the Regular Baptist Church, at Tyrone, will be dedicated on Christmas. Rev. Wm. Shadrack, D. D., of Altoona, will officiate.

MIFFLIN COUNTY.

Mr. Wm. F. Bratton, of Wayne township, while trying to stop his team, which was running away, was thrown down and the wagon passed over his breast and head, seriously injuring him .....The Siegrist house, once a popular hotel in Lewistown, has been turned into a lager beer brewery.....The *Gazette* wants its subscribers to settle up! We want some of ours to "come down with the stamps."

HUNTINGTON COUNTY.

On the 3rd inst., George Montgomery, aged ten years, while carrying a rabbit-trap, fell with his face on the trap knocking one of his eyes out.....D. G. Doyle, of Three Springs while working on a new house, the scaffilding gave way and Mr. Doyle fell a distance of 22 feet striking on his head, His injuries are of a serious nature.....A little son of Samuel A. Steel, of Huntingdon, was run over by a wagon and barely escaped death....Three female Fifteenth Amendments in Huntingdon enjoyed the luxury of a scrimage, the other day. They "fought nobly" for it was with difficulty they could be separated. The broil commenced over a mush-pot, and before it ended, the mush, hair, waterfalls and ribbons were scattered in all directions.

STEAM Engine, at Rankin's the greatest toy of the age.

THE PROPOSED RELIGIOUS PAPER.—The projected new religiour paper spoken of in our last issue, it is said, is to be half the size of the REPUBLICAN and will be published at the rate of 25 cents per annum to subscribers in clubs. Its god-father, the *Watchman*, says "the proceeds, after paying expenses of publication, are to be devoted to the purpose of establishing a library.

We are of the opinion that it will be some years before much of a library will be established from the proceeds of that journal, if it ever should be published, as the blank paper on which it is proposed to print it, costs in the city just one fourth of a cent more for each copy than the publishers of the proposed paper receive for it, after it is printed, which if we add the loss of printing to the paper, which is about 1 3-4 cents per copy would make a net cost of 2 cents on each copy printed. Such financeering may work well enough spiritually, but in this plain matter of fact practicable world, it would soon bankrupt an Astor or a Stewart if persevered in.

Boy's cutters, at Rankin's.

SENSIBLE.—An exchange says, that a prompt paying subscriber visited his office the other day and asked him what justice of fairness there was in requiring him and others like him to pay for their papers promptly each year, while we allowed some of his neighbors who were quite as able to pay, to have our paper from one to five years without having paid a cent for it. He thought—and the conclusion was a very just one—that these delinquent, non-paying subscribers got their paper at the expense of such men as himself and others who made it a rule to pay up. Of course we could make no answer to such a question and conclusion—except that we had to assume the larger share of the cost and expense of this very unfair arrangement; and, therefore, had more reason to complain than our friend.

LEARNING THE PIANO.—We are aware that many of our young friends, experience considerable difficulty in getting acquainted with the position of the keys. The following rhyme, which we clip from an exchange, may be of some service to them.

All the G and A keys
Are between the black three's;
And 'tween the two's are all D's,
Then on the right side of the three's
Will be found the B's and C's;
But on the left side of the three's
Are all the F's and all the E's

MUSICAL CONVENTION.—The McCloskey Brothers will conduct a musical convention to be held in the Presbyterian church at Beech Creek, commencing December 27th 1870, and ending the following Saturday with a concert. All loyers of music are cordially invited to be present.

SALE OF REAL ESTATE.—By an order of the Orphans Court the real estate belonging to the estate of Saml. L. Barr, decd., consisting of two dwelling houses and lots, will be sold at the Court House, in this place, at 1 o'clock p. m., on Saturday the 14th day of January 1871.

The $12 Lever Watch, No 13,580, purchased from Chas. P. Norton & Co. 86 Nassau-street New-York, January 5th, has been carried by me over six months, with a total variation in time of only 26 seconds, without the slightest regulating, and presents the same brilliancy of color as when purchased.

JAMES B. WILTON,
Sec. American S. M. Co. N. Y.
New-York, July 30th, 1870.

I have for the past eight months, constantly used one of the $15 Norton, Oride Gold Lever Watches, manufactured by Chas. P. Norton & Co., 86 Nassau-Street, New-York, and found the total variation in its time but one half minute, (30 seconds, and it retains the same appearance of gold as when purchased. Several of our men use them with the same results. I cheerfully recommend them for correctness and wear.

☞The Five Dollar Sewing Machine purchased by me, January, 1866, from the Family Sewing Machine Company, 86 Nassau-Street, N. Y. has been in almost constant use ever since. It has not been out of order once. Has cost nothing for repairs, and I find it simple and reliable in operation, and always ready to sew. Those friends of mine who use them with the new improvements are very much pleased. The one I have I would not part with.

COMPLETION OF THE PACIFIC RAILROAD.

GREAT RUSH TO STERNBERG'S.

Sung to the tune of Yankee Doodle.

The Great Pacific Railroad's last,
From ocean unto ocean,
And now complete connections made,
An enterprising notion.

The mighty work at last is done,
So speedy and brisk, oh!
And now in ten days we can run
From here to San Francisco.

No more we take the ancient route,
The stage, a horrid slow thing;
It banged the passengers about
And wore out all their clothing.

CHORUS, for the end of each verse:

The Great Pacific Railroad laid,
From ocean unto ocean,
And we buy clothes from A. STERNBERG,
A most delightful notion.

Through passengers by the Pacific Railroad will call at the store of A. Sternberg, before starting, and provide themselves with a complete outfit of Spring and Summer clothing, the very best assortment of which will always be found at A. Sternberg's store.

People who travel by other routes, and also people who, instead of traveling by any route at all, prefer to stay at home, can find the most superior and seasonable garments, for every occasion, of every variety, and at the lowest prices.

Do not fail to call and examine our stock before purchasing elsewhere; if you do not, we are sure you will be sorry that you did not. Our goods are put down to the lowest figure. We sell whole suits, according to quality.

RANGING FROM $6.50 to $16.00

MANHOOD

In the Young and Rising Generation-

The vegetative powers of life are strong, but in a few years how often the pallid hue, the lackluster eye and emaciated form, and the impossibility of application to mental effort, show its baneful influence. It soon becomes evident to the observer that some depressing influence is checking the development of the body. Consumption is talked of, and perhaps the youth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the ever-changing scenes of the city, the powers of the body, too much enfeebled to give zest to healthful and rural exercise, thoughts are turned inwards upon themselves.

If the patient be a female, the approach of the menses is looked for with anxiety, as the first symptom in which Nature is to show her saving power in diffusing the circulation and visiting the cheek with the bloom of health. Alas! increase of appetite has grown by what it fed on; the energies of the system are prostrated, and the whole economy is deranged. The beautiful and wonderful period in which body and mind undergo so fascinating a change from child to woman, is looked for in vain. The parent's heart bleeds in anxiety, and fancies the grave but waiting for its victim.

HELMBOLD'S

EXTRACT BUCHU

For Weakness arising from excesses or early indiscretion, attended with the following symptoms: Indisposition to EXERTION, Loss of Power, Loss of Memory, Difficulty of Breathing, General Weakness, Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision Languor, Universal Lassitude of the Muscular System, Often Enormous Appetite with Dyspeptic Symptoms, Hot Hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelids, Frequently Black Spots Flying before the Eyes, with Temporary Suffusion and Loss of Sight, Want of attention, Great Mobility, Restlessness, with Horror of Society. Nothing more desirable to such patients than Solitude, and nothing they more dread, for Fear of Themselves; no Repose of Manner, no Earnestness, no Speculation, but a hurried Transition from one question to another.

These symptoms, if allowed to go on—which this Medicine invariably removes—soon follow Loss of Power, Fatuity, and Epileptic Fits, in one of which the patient may expire.

During the Superintendence of Dr. Wilson at the Bloomingdale Asylum, this sad result occurred to two patients; reason had for a time left them, and both died of epilepsy. They were of both sexes, and about twenty years of age.

Who can say that these excesses are not frequently followed by those direful diseases Insanity and Consumption! The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither Mirth or Grief ever visits it. Should a sound of the voice occur, it is rarely articulate.

"With woeful measures wan Despair
Low sullen sounds their grief beguiled."

Whilst we regret the existence of the above diseases and symptoms, we are prepared to offer an invaluable gift of chemistry for the removal of the consequences.

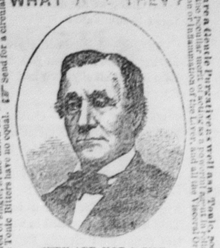
The Great Medical Discovery! Dr. WALKER'S CALIFORNIA VINEGAR BITTERS, Hundreds of Thousands Bear testimony to their Wonderful Curative Effects. WHAT ARE THEY?



They are a genuine Purgative as well as Tonic, containing the curative properties of the Aromatic Plants of California, the Life and Health-giving principles of which are extracted therefrom without the use of Alcohol. THEY ARE NOT A VILE FANCY DRINK, Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.
